SHOW GIRLS CAN'T MARRY ON THE ROAD

But If They Stick Through Season and Marry, They Get \$100.

The town will be full of "Stubborn Cinderellas" Saturday evening and Sunday, but there is no danger of any of them staying here.
Every girl in the company has signed a contract with the manager that she will remain with the show throughout the season and not get married; he has promised in return that if any of them become engaged on the trip, he will give them \$100 when they marry, if they stick out the season with him.
In the past, many shows have lost their girls when they came west—they have met their fates, quit the companies and, after a visit to the parson, have gone to housekeeping. To guard against a settlement of the controversy about the management of "A Stubborn Cinderella" made, bronchial contracts with each of its girls, binding them to remain with the company for the entire season.

PARLIAMENT MAY BE PROROGUED

London, England, Nov. 11.—Following last night's announcement of the failure of the constitutional conference which was held in an endeavor to secure a settlement of the controversy over the veto power of the house of lords, there was the greatest activity at all party headquarters, where the decks are being cleared for action in the immediate general election.
Much will depend upon the attitude of the Irish and labor parties upon the reassembling of parliament next Tuesday.

SEVENTY-NINE MEET DEATH IN COAL MINE

Trinidad, Colo., Nov. 11.—The known death toll in the Delagua mine disaster of Tuesday now reaches the appalling total of 79.

All but nine bodies have been recovered, according to reports from the mine this morning. These nine, including the body of superintendent Lewis, are supposed to be buried in the immense fall of rock upon which rescue parties have been working ceaselessly for three days.

It is now believed that all who lost their lives have been accounted for.

Jennings declares a negro employee who was recently discharged, fired the place. Officers are hunting for him.

JAPANESE SOUTH POLE EXPEDITION FAILS TO START

Victoria, B. C., Nov. 11.—Lieut. Shirane, organizer of the Japanese expedition to the south pole, announced to sail November 15 in the steamer Tensho Maru, of 200 tons, has been called upon to commit haru kari by the Yamato, of Tokyo, because of his failure. The explorer, however, does not see any necessity of acceding to the newspaper's request that he kill himself. Some other papers charge graft in the purchase of his vessel, for which \$17,500 was paid, they alleging this to be more than twice her worth.

ELECTION FIGURES FROM VARIOUS STATES

(Continued From Page One.)

The Republican platform endorsed county option.

New Jersey.
Trenton, N. J., Nov. 11.—Latest election returns show Woodrow Wilson's plurality for governor to be upward of 48,000 and it is expected that the complete returns will bring the plurality up to 50,000.

New York Democratic.
New York, N. Y., Nov. 11.—Practically complete returns from interior localities of the state confirm previous indications that all of the Democratic candidates on the state ticket were elected.

The pluralities for the candidates other than governor and lieutenant governor range from 850 to 26,000. A recount of the vote in the 35th congressional district by the secretaries of the Republican and Democratic organizations indicates that out of a total vote of 11,553, representatives D. S. Alexander, Republican, and Chas. B. Smith, Democrat, had each received the same number, 26,684.

There is an error in computing a total of one of the tally sheets, which the Republicans concede should be allowed and which will give Mr. Smith a majority of one vote.

A contest on behalf of Mr. Alexander is improbable.

North Dakota.
Fargo, N. D., Nov. 11.—The Republican state chairman concedes the election of governor Burke, Democrat, by a plurality of 1500.

Oklahoma.
Guthrie, Okla., Nov. 11.—Returns indicate that Cruce, Democrat, has been elected governor by a plurality ranging from 6000 to 10,000.

Republicans claim to have elected 62 of the 109 members of the house of representatives and that they have gained five senators.

Pennsylvania.
Pottsville, Pa., Nov. 11.—Complete, though not official returns from the twelfth Pennsylvania congressional district give Robert E. Lee, Democrat, a majority of eight votes over Robert Heaton, Republican.

Virginia.
Roanoke, Va., Nov. 11.—The result of the congressional election in the ninth district appears to be still in doubt with both congressmen Skennel Republican, and friends of Henry C. Stuart, Democrat, claiming victory.

Wyoming Reelects Mondell.
Cheyenne, Wyo., Nov. 11.—The majority of former Republican U. S. senator Carey for governor of Wyoming, is 5201 over Mullen, his Republican opponent. Other Democrats elected are Houss, secretary of state; Whedon, treasurer, and Bird, superintendent of instruction. The Republican ticket.

Doan's Kidney Pills proved effective and the use of one box brought great relief."

The legislature stands 48 Republicans, and 35 Democrats. Of this number, 14 senators are holdovers, three of whom being regarded as insurgents. This insures the reelection of U. S. senator Clark. Mondell, for congress, carried the state by 5201 majority.

DEMOCRATS MAY UNSEAT POWERS

Louisville, Ky., Nov. 11.—With congress Democratic reports are freely circulated here that there is a movement under way to have the nine Democratic congressmen of the Kentucky delegation make a concerted effort on the majority in the lower house to have Caleb Powers ousted from his seat as representative of the eleventh Kentucky district.

Congress, it is reported, will be asked to deny Powers his seat on the ground that he has been thrice convicted of felony and has not been acquitted by a jury. Governor Willson's pardon, it is contended, does not have the same effect as an acquittal on the charge of complicity in the Goebel assassination.

Dunihoo said his health failed last summer and he went to El Paso, Texas, to recuperate. There, he said, he met a man whose business was smuggling Chinese and opium into the United States.

Dunihoo said the man persuaded him to deliver 24 cans of opium in St. Louis for a fee of \$50. He first delivered one can as a sample and was arrested the next day when he brought the other 23.
